**ENROLL IN GED® PREPARATION CLASS?**

**STEPS:**

1. Individuals who are interested in daytime classes need to attend an orientation which is held every **Thursday at 9:00am**. It is **required** to bring 1 form of government-issued photo ID (such as a driver license, state ID, etc.) and a secondary form of ID (such as a social security card or birth certificate) to orientation to enroll in the program.
2. You will be able to choose a class. Morning, afternoon, and evening classes are available and GED® preparation classes are approximately eight weeks in length. (To find out more about the evening classes, please speak to one of the GED® teachers.) The average GED® Graduate needs about 60 hours of study. Some students may need less class time, and others may need more. Students can do some of their work at home. Federal and state regulations require instructional hours based upon the TABE (Test of Adult Basic Education) scores. Your teacher can explain this to you when you start class.
3. Plan to attend class two days per week, three hours each day. There will also be opportunities for you to explore careers, plan for your post-secondary education, and improve your career readiness skills.
4. You will be required to show a valid photo ID when you attend your first class and when you take the GED® tests.
5. The GED® test costs \$200.00. (\$50.00 for each test section). A partial scholarship may be available to eligible students.
6. If you have a concern, please set an appointment with a teacher. We will be happy to discuss your situation privately. We are here to help you achieve your educational goals.
